

Schlieren, November 2021

GlycoEra AG is a start-up biotech company specialized in the development of glycoengineered biologics and located in the biotech hub Zurich, Switzerland. With our CustomGlycan Platform we aim at to unlock the power of glycan-mediated biology to develop novel biologics for a wide range of indications.

To support our Research team, we are currently looking for an

Intern Molecular Biology and/or Biochemistry for 6 to 9 months (m/f) 100%

You are currently enrolled in an MSc program and/or hold a degree in biological sciences and have already acquired practical laboratory experience and theoretical background in molecular biology and biochemistry. You are interested in genetic engineering and its application to advance glycoengineered therapeutics to address unmet medical needs. If you recognized yourself, we would be happy to hear from you.

As a trainee within the Research your responsibilities will include:

- Working in a team focusing on the CustomGlycan Platform
- Planning, performing, and analyzing experiments under supervision of an experienced team member
- Generating novel cell lines for glycoengineered protein therapeutics using techniques such as recombinant DNA technology and PCR, cell culture maintenance and transfections
- Small scale recombinant protein and monoclonal antibody expression and purification for carbohydrate analysis
- Presenting results at internal research meetings and documentation of experiments according to good scientific principles

You are an efficient, precise, and enthusiastic team player with:

- A minimum of 6 months practical experience and knowledge in molecular biology, protein biochemistry, genetic engineering as well as in techniques of eukaryotic cell culture
- Excellent verbal and written communication skills in English

The working place is Schlieren near Zürich, easily accessible by public transportation. If you are motivated for this exciting internship position and want to work in a friendly, highly passionate, and dynamic team, we are interested in hearing from you. Due to visa regulations, only applicants eligible to a Swiss work permit (EU citizen) can be considered for this position.

Please submit your detailed application to info@glycoera.com.
